

LONG WAR LOOMS ON SECOND STRIKE DAY

NEW TROOPS ADD GRAVITY TO DISPUTE

Jugo-Slavs Reported Massing Forces Along Frontier Defined by Armistice and Clash With Italians Is Feared.

PRESIDENT'S DECISION ON FIUME QUESTION AWAITED

Government Anxious Over Reply to Suggestion Made by Tittoni, Clemenceau, Lloyd-George for Settlement.

ROME, Sept. 23.—With new developments adding to the gravity of the Fiume situation Italy is eagerly awaiting President Wilson's decision regarding the disputed territory. Some newspapers consider the president's silence ominous.

The government is most anxious over Wilson's attitude as his acceptance of the proposal made by Foreign Minister Tittoni, Premier Clemenceau and Lloyd-George would automatically solve the Fiume puzzle.

The latest element of danger in the Fiume situation is the attitude of the Jugo-Slavs who are reported massing troops along the frontier defined by the armistice. A clash with Italian forces is feared.

Crown Council Called.

ROME, Sept. 23.—The crisis which the Italian government is facing in Fiume has caused significant action today. A royal decree postponing the reopening of parliament until Saturday and the calling of a session of the crown council Thursday. The newspaper Italia Nazionale declares that calling the council is unconstitutional, characterizing it as an attempt of Premier Nitti to save his cabinet.

Trieste reports said a whole armada of airplanes has left to join the poet's forces. Sedition is reported spreading in the ranks of aviators who idolize D'Annunzio.

Officers Sign Oath.

After D'Annunzio addressed his troops in the celebration Saturday, all officers signed an oath to remain "ever faithful to the Fiume cause." Wild enthusiasm was aroused, according to reports received here by the arrival of new units seeking to join the poet's forces. D'Annunzio issued a statement declaring that the Italian people demand annexation of Fiume to Italy.

EXPULSED LODGE ASKS DISSOLUTION OF UNION

INDIANAPOLIS, Sept. 23.—Suit was filed in federal court asking dissolution of the Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America. It also asks appointment of a receiver to reduce the union's assets to cash and divide the proceeds among the 147,000 members. The Lakeside Lodge of the union, with headquarters at Whiting, Ind. is the plaintiff.

The plaintiff charged it was illegally expelled from that union and that it is entitled to a portion of the money in the union treasury.

EARL TULLOCH BUYS LAND ONCE DISPUTED

Earl Tulloch yesterday purchased from Herman Rosenberg the latter's share in the \$124,500 wheat ranch near Pendleton recently in litigation. Mr. Tulloch and Mr. Rosenberg owned the ranch together but Mr. Tulloch since the purchase yesterday becomes sole owner. He announced today that he will be actively engaged in the farming of the property.

Following the sale of E. L. Smith's share in the ranch some time ago to Mr. Tulloch, the circuit court decreed that an account and settlement be made.

LONDON, Sept. 23.—A Moscow dispatch today reported an attempt to assassinate Admiral Kolchak, head of the Amur government. A bomb was thrown into the guard room, killing six, and injuring 12 soldiers. The admiral escaped uninjured.

STATE MAY LEGISLATE DURING FEDERAL OPEN SEASON; TIME DEFINED

Shooting of Ducks, Geese, Other Migratory Fowl Definitely Settled; Confusion Arose Over Conflicting Laws.

In an opinion given by Attorney General George M. Brown to M. A. Riggs, District Attorney for Harney County, the shooting season for ducks, geese and other migratory waterfowl has been definitely settled. Confusion has existed in the minds of many shooters on account of a difference in the Federal and State seasons. The State cannot legislate within the closed season of the Federal regulations, but it can legislate within the open season. The Federal open season is three and one-half months but the State if it cares to, may close any portion or all of this Federal open season. The shooting season, therefore, which must be observed by hunters throughout Oregon is as follows:

For Multnomah, Clatsop, Columbia and Tillamook counties, the open season begins on October 1st and closes December 31st. In all other counties of Game District No. 1, which comprises all that portion of Oregon lying West of the summit of the Cascade Mountains, the season opens on October 16th and closes on January 15th. In all counties of Game District No. 2, which comprises all that portion of Oregon lying East of the summit of the Cascade Mountains, the open season begins on October 1st and ends on December 31st.

It had been hoped that the Federal and State laws would conform, and recommendations to this effect were made by the Fish and Game Commission, the red and gun clubs throughout the state, the Oregon Sportsman's League, and many individual hunters who had given much study to the seasons, but the position was taken by the Game Committee of the Legislature that the Federal regulations were unconstitutional and therefore would be inoperative. Since the Legislature has adjourned, two Federal courts have upheld the Federal regulations. It was the clear intent of the Legislature to give equal hunting seasons. This would have been accomplished had not the Federal law intervened. The State law is operative and will be enforced in so far as it does not conflict with the Federal law. The dates given above are those within which hunters may shoot and be within both the Federal and State law.

FOUR BADLY BURNED BY INCENDIARY FIRE

SALT LAKE, Sept. 23.—Miss Lulu Johnson was probably fatally burned and three others were badly burned in a fire destroying the Albany hotel here today. The blaze is believed to have been of incendiary origin. The man firing the hotel is believed to be the one who set fire to two lumber yards half an hour earlier.

HOPE WANES FOR SPEEDY SETTLEMENT AS BOTH SIDES STAND FIRM; RIOTING FATAL

GAS BEING FURNISHED PENDLETON FOUND TO EXCEED REQUIREMENT

Average of Three Tests Shows Local Product Superior to Average; 76,000 Cubic Feet Delivered During Round-Up.

Gas being furnished Pendleton by the Pacific Power & Light Co. was tested today by F. A. Rasch, gas expert with the State Public Service Commission and found to exceed the normal requirements by 42 thermal units. An average of three tests under normal conditions showed the local product to develop 642 British thermal units. The normal is 600 and the minimum allowed by the Public Service Commission is 550.

Mr. Rasch stated that he found the gas here far superior to that being manufactured at Baker, where he was called a few days ago to locate the trouble in their plant. He pronounced the local plant in first class shape and praised the efforts of the local concern to give first class gas.

During Round-Up, with extraordinary demands made upon the system here, gas testing nearly 650 B. T. U. was given. The new 10,000 cubic feet tank in the west end of the city was used throughout the Round-Up and 76,000 cubic feet of gas delivered in the three days.

The measurement of gas quality is by British thermal units, one pound of water raised one degree in temperature in one minute. The apparatus used resembles a tea kettle and corrections are made for barometric pressure, humidity and temperature. Mr. Rasch is utilities engineer for the state body with offices in Portland.

The new tank recently put in commission by the Pacific Power & Light Co., will have a four inch main leading out to the Matlock street bridge, across to Jackson street and through-out the Italy addition on the north side. It is the intention of the company to have a complete four-inch circuit of the city shortly, according to Dr. F. W. Vincent, manager, and there will then be sufficient pressure in all parts of the city at all times, he says. The quality of the gas, he says, is proved by the tests made yesterday and today by the state official.

BLOOD POISONING FATAL TO MRS. NEWT ROORK

Mrs. Newt Roork, aged 59, died last night at her home in Pilot Rock as the result of an attack of blood poisoning.

Mrs. Roork was born in Pilot Rock and she and her husband, who survives her, were pioneers of that place. She is survived besides her husband, by two brothers, Charles Oleott, of Pendleton, and Louis Oleott, of Portland, who will arrive tonight to attend the funeral of his sister. Mrs. W. W. Harrah of this city is a sister of Mrs. Roork.

The funeral services will be held tomorrow at 2:30 p. m. at Pilot Rock. The Rev. Blackwell, pastor of the Presbyterian church of which Mrs. Roork was a member, will officiate.

ELEVEN DAYS REMAIN FOR PAYMENT OF TAXES

Eleven days remain in which the second half of the 1918 taxes may be paid before becoming delinquent. A. C. Funk, chief deputy in the sheriff's office, said today. Taxes must be completely paid by Saturday, Oct. 4, at closing time, or they will be considered delinquent and interest charged.

Only about \$250,000 in taxes remain to be paid. Payments on the second half of the taxes have been coming in throughout the summer, so that only about one third of the total for the year remains unpaid. Counting out one Sunday, there are but ten pay days for taxes.

Fall Is With Us Again.
The end of summer and the beginning of fall took place officially yesterday, although with little ado. The change of seasons is determined by the sun's crossing the equator, but as both are remote from Pendleton, none would notice the difference. A slight chill in the early morning hours, perhaps, is the only indication that fall is here.

Bloodshed and Disorder Occur Early Today in Many Centers Many Are Wounded and Death Reported in Shooting.

STEEL MASTERS BRINGING FOOD STOCKS TO PLANTS

Additional Troops Ordered Into Pittsburgh District; Switchmen Strike to Tie Up Supplies; Senate to Investigate.

PITTSBURGH, Sept. 23.—The second day of the steel strike opened with both sides making every preparation for a long fight. Employers and workers alike apparently abandoned their early hopes of a quick, decisive victory. Steel masters are reported to be bringing stocks of food into the plants and making plans to defend the mills if necessary while the strikers are getting ready to conduct industrial warfare for an extended period. Two additional troops of the state constabulary have been ordered into the Pittsburgh district.

Bloodshed Reported.
PITTSBURGH, Sept. 23.—Forces of organized labor and the United States Steel corporation are struggling for control of America's greatest "iron valley" as the nation-wide strike of steel workers enters its second day. Following a night of scattered struggles between the police and strikers and bloodshed in nearby sections, crowds of workers were again before the gates of the mills in the Pittsburgh district early today.

Two men were killed and two wounded at Farrell, Pa., last night when police and strikers exchanged shots during a riot near the plant of the Carnegie Steel company. Several persons, including two women, were wounded during the same sort of an outbreak.

It is claimed that strike sympathizers attempted to break into the Carnegie Steel company mill by wrecking the fence. Riots also broke out in Youngstown and other smaller centers.

Eleven Wounded.
SHARON, Pa., Sept. 23.—Rioting was resumed today in Farrell. At least 11 are wounded.

Fighting in Streets.
BUFFALO, Sept. 23.—Rioting which broke out here last night in connection with the steel strike was resumed early today. Michael Murphy, master mechanic of the Lackawanna Steel company was seriously injured in a clash with strikers. Several were injured last night in street fights between the police and strikers.

Senate to Investigate.

WASHINGTON, Sept. 23.—The steel strike is the first skirmish in industrial war in the United States. Senator Kenyon declared today in urging the senate to adopt a resolution for investigation of the strike. The senate unanimously adopted the resolution.

Kenyon announced that President Gary of the steel corporation will be the first witness. John Fitzpatrick, representative of the workers will also be called. Senator Thomas offered a resolution to expose the senate's "disapproval" of the strike. The resolution was adopted.

TREATY OPPONENTS WIN FIRST TEST OF VOTES

WASHINGTON, Sept. 23.—Treaty opponents today won the first test of strength, by a vote of 42 to 40. The senate passed over for a week the third amendment to the treaty, one of the series proposed by Senator Fall.
